SUMMARY

Driven IT undergraduate pursuing an **internship in Software Engineering, Business Analysis, or Data Analysis**. Skilled in Python, Java, JavaScript, React, SQL, Power BI, and Tableau, with hands-on experience in full-stack development, data analytics, and business process optimization. Strong problem-solving and communication abilities(English, Tamil, Sinhala), eager to contribute technical and analytical skills to impactful projects.

EDUCATION

BSc (Hons) in Information Technology – SLIIT

Aug 2024 - Present (Malabe)

- Focused on software development, data analytics, and business analysis. Gained expertise in Python, SQL, web development, and data visualization tools

Higher Diploma in Information Technology –SLIIT

Sep 2022 - May 2024 (Malabe)

- Developed a strong foundation in programming, database management, and business intelligence, with hands-on experience in full-stack development and data analytics

PROJECTS

Appointment Booking Web Application

Feb 2025

Technologies: React.js, Plain CSS, Node.js, MySQL

- Developed a secure and user-friendly appointment scheduling system with authentication, validation, and real-time booking management.
- Implemented scheduling restrictions to prevent double bookings and weekend appointments.
- Designed a responsive and mobile-friendly UI, ensuring seamless access on both web and mobile screens.

Portfolio Website – Chifolio

Sep 2024

Technologies: React.js, Tailwind CSS, PHP, HTML

- Developed a personal portfolio website to showcase skills, experiences, and resume with a contact form for easy communication

Vehicle Services Management System – Ryome Auto Cares

Feb 2024 - May 2024

Technologies: MERN Stack, Tailwind CSS, MongoDB

- Built a web-based application for managing vehicle services and Integrated GitHub for version control and efficient collaboration.
